I understand that the Campership Program is designed to determine the eligibility of a child or a family that is applying for financial assistance for YMCA Summer Camping Programs. The YMCA, through charitable contributions, can provide some financial assistance, and most interested in providing a positive experience for participants who would otherwise not have this opportunity. Funds are limited. I understand that my ability to provide as much as possible towards my share of the registration fee will result in the YMCA being able to provide a recreational opportunity for as many people as possible. All applicants are considered on a first-come-first-serve basis. Applicants will be contacted once assistance is approved.

I will be able to provide \$ _____ towards the total registration fee.
